Zhu et al. (2014) - stage 1 verification, not Figure 6 reproduction
Compression-only cyclic response
first_load
unload
reload
q (kPa)
Axial strain (%)
Accumulation at the same peak stress
volumetric plastic
shear plastic
Strain since first B (%)
Closed cycle number
Step refinement
Cycle 1 residual plastic volume (%)
Substeps per leg
Isotropic compression analytic check
Relative error vs equation (5)
Substeps
